I want to thank and wish good luck to the CLASS OF 2004. I wish I could start my freshmen year with all of you, I would have grown up by your sides, shared your toughest and best times in school, and be closer to your circle of friendship. But I'm deeply moved and honored that you've always been kind, supportive, and respectful to me. For some that I've rarely talked to, I regret I've never found the right way to be in touch with you. Sam, thanks for being my close friend. I know that we've been through tough times, and sometimes it was hard to agree with each other, but I'm touched you've always been there for me. Although she is not here today, without her I wouldn't have my style, my personality, and my goals. These years have gone by quick, not that I am complaining, but the memories last forever. I'd like to give a special shout out to Andrew, out of all my friends, we have been mad cool since day one as freshman, and through all the years I can never remember a day when we were not talking (even though you never let me DIE). I'm sorry I held a secret from you for so long, even though you know all along. To my girls at the "cool table:" Latrice, you never give up and your intelligence shines whenever you talk. Osanna, we have a lot in common, whenever I have man problems you have the best advice. I'm glad we became friends. Teneria, although we have our ups and downs, you're like family. Greg, you're a true friend; you always bring everyone a smile with the things you say. Unfortunately I know I'm still going to see you! To my new friendships Samantha and Julienne: Its cool that we all could talk, I learned some insights on the world and people from both of you. I also would like to give a shout out to Judanna, of all the juniors, your personality really clicked with mine. I'll remember our talks! To my senior class: If I said more than hi to you, than I consider you more than just a student at Cathedral, and for those who didn't get to know me it was your loss.

Osanna Irrizarri

Farewells:
Wow it seem like yesterday that I stepped in this place. Four years taught me so many things. I learned so much from my mistakes. I think that the whole senior class has been through a lot of tough times. What's good about it is that were all able to overcome and persevere anything. For those who haven't, don't let anybody put you down, because there isn't anybody but yourself. I'm sure that everyone has his or her own goals and dreams. Some of us don't know where to start to get where we want to be at. There's those who got it all straighten out. So don't put anybody else down because there is a little slower than you are about things, because you never know they might turn to be living a better life than you. I can't stand fake people that think they're smarter than anybody is. I want to give a big shout to my girl Iris (lil sis). She's been with me through my toughest times. I want to thank you and stay that I love you. Alyce you are one of the most straight-out sincere friends I have. In other words you're real and that's what up and also intelligent and beautiful. Nera it's funny it took us almost four years to finally get along, but it's all-good. What's important is that you're being a true friend now and real. You didn't like me and I didn't like you than, but now things are different between us. To my dogg Nate you know what I'm talking about when I say deep conversations and fun times we spent together. I want to wish you that best and I hope that you accomplish your goals in life. Stay safe. love you. Another special shout out to Big C. You listen to what I had to say all the time you were there when I needed to let out some things. I want to thank you for that Mike you also listen when I needed a listener. You told me your honest opinion about things and really appreciate that. I always remember that. To my only favorite teacher Mrs. Long, I want to thank you for always trying to keep me motivated. I appreciate you taking your time to talk and listen to what I had to say. You are a beautiful caring human being. Thank you.

Farewells:
First of all, I want to thank my two sisters Marina and Estelle for having always been there for me and fo helping me become successful, and stronger. Through their earlier years at Cathedral High, their sharing experiences gave me more motivation and courage to work hard to reach my goals.
I want to thank and wish good luck to the CLASS OF 2004. I wish I could start my freshmen year with all of you; I would have grown up by your sides, shared your toughest and best times in school, and be closer to your circle of friendship. But I'm deeply moved and honored that you've always been kind, supportive, and respectful to me. For some that I've rarely talked to, I regret I've never found the right way to be in touch with you. Sam, thanks for being my close friend; I know that we've been through tough times, and sometimes it was hard to agree with each other; but I'm touched you've always been there for me. Tina D., I will never be thankful enough for having supported me during my hard times. I would have been lost if you were not there to make me laugh and smile again. Good luck with your acting career, I'm with you!!! Alyce, I know I don't talk that much in school, but I hope you know that you're one of my real friends. I will always remember the day you first talked to me (sophomore) and wanted to get to know me. Osanna, I'm glad that we became friends since the day I talked to you (junior year) during Religion class. I know it's hard to accomplish what you have to for your future, but I know you can go far. Shantel, for me you will always be the funniest and coolest person, and I'm gonna miss you a lot. But we'll meet again in a few years...Don't forget we have a deal, girl! To Debbie, Marie, Maxia, and Nera, I want to thank you for being there for me when I needed support. To the whole choir, I will remember you all always and forever. John, I thought you'd remain my worst enemy for the rest of my life (lol)! But thanks for being my friend. Believe it or not I'm gonna miss you! Jorge, thanks for having helped me in my work. You'll always be a wonderful person. Nate, I know I can always count on you for being there for me when I'm feeling down; your precious advice and wise words will help me go further in my life. Thank you. Matthew, I wish you good luck for your future. I believe that you'll succeed and you'll go far in your career because I have faith in you. I also want to say farewell to Stephanie L'amour, Darnelle, and Chrislene. Guys I love you and I'll never forget you!!! I want to thank Audrey, Jessi, Cam, Aude, and Judy for all your love and support during my hard times. I love you all !!! I can remember freshman year so clearly, and now it all has to end. The first person I want to thank, who got me to where I am now is my mother. Although she is not here today, without her I wouldn't have my style, my personality, and my goals. These years have gone by quick, not that I am complaining, but the memories last forever. I'd like to give a special shout out to Andrew, out of all my friends, we have been mad cool since day one as freshman, and through all the years I can never remember a day when we were not talking (even though you never let me DJ!!). From 9th to 12th you have made me laugh and how to keep people in check! To Christina: you're like a second family. I know you are always gonna be there, and I hope all goes well with your singing. I'm sorry I held a secret from you for so long, even though you knew all along. To my girls at the "cool table:" Latrice, you never give up and your intelligence shines whenever you talk. Ossana, we have a lot in common, whenever I have man problems you have the best advice, I'm glad we became friends. Teneria, although we have our ups and downs, you're like family. Greg, you're a true friend; you always bring everyone a smile with the things you say. Unfortunately I know I'm still going to see you!To my new friendships Samantha and Julienne: Its cool that we all could talk, I learned some insights on the world and people from both of you. I also would like to give a shout out to Judanna, of all the juniors, your personality really clicked with mine. I'll remember our talks! To my senior class: If I said more than hi to you, than I consider you more than just a student at Cathedral, and for those who didn't get to know me it was your loss.

Farewells:
Wow it seem like yesterday that I stepped in this place. Four years taught me so many things. I learned so much from my mistakes. I think that the whole senior class has been through a lot of tough times. What's good about it is that were all able to overcome and persevere anything. For those who haven't, don't let anybody put you down, because there isn't anybody but yourself. I'm sure that everyone has his or her own goals and dreams. Some of us don't know where to start to get where we want to be at. There's those who got it all straighten out. So don't put anybody else down because there is a little slower than you are about things, because you never know they might turn to be living a better life than you. I can't stand fake people that think they're smarter than anybody is. I want to give a big shout to my girl Iris (lil sis). She's ben with me through my toughest times. I want to thank you and stay that I love you. Alyce you are one of the most straight-out sincere friends I have. In other words you're real and that's what up and also intelligent and beautiful. Nera it's funny it took us almost four years to finally get along, but it's all-good. What's important is that you're being a true friend now and real. You didn't like me and I didn't like you than, but now things are different between us. To my dogg Nate you know what I'm talking about when I say deep conversations and fun times we spent together. I want to wish you that best and I hope that you accomplish your goals in life. Stay safe, love you. Another special shout out to Big C. You listen to what I had to say all the time; you were there when I needed to let out some things. I want to thank you for that. Mike you also listen when I needed a listener. You told me your honest opinion about things and really appreciate that. I always remember that. To my only favorite teacher Mrs. Long; I want to thank you for always trying to keep me motivated. I appreciate you taking your time to talk and listen to what I had to say. You are a beautiful caring human being. Thank you.
